WHY CHOOSE ORGANIC

Organic

Breathable, makes you comfortable in any situation

Safe for all skin type, including sensitive skin

Safe for our environment and 100% biodegradable

Polyester

Stiflingly hot especially when the weather is hot

Caused skin allergic or itchy feelings especially for sensitive skin (baby skin)

Not breathable so the fabric does not absorb sweat well and can cause odor

Takes a long time to decompose (polyester content plastic fiber)

ZALMON FABRIC™

ONE STOP SERVICE (Fashion Product)

- We provide you fabric + printing + sewing services using designs from Zalmon start from Rp 100.000/pcs with a minimum purchase of 24 pcs.
- Custom design or product model can be adjusted according to the customer's request.

PRODUCTION DETAILS

Digital Printing

- No Minimum Order
- Production takes 10 - 14 Working Day (Does not include Saturday, Sunday and Indonesian Public Holiday)
- Color Matching service takes 10 - 14 Working Days (Does not include Saturday, Sunday and Indonesian Public Holiday)
- There will be a + 10% tolerance between the colors on the monitor and the fabrics due to the ability of each screen to show colors, as well as the ability of the printer head to read existing color designs.

PRODUCTION DETAILS

Fabric Dyeing

- There are 2 types of service: small quantity (1 color for 200 meters) and mass quantity (1 color for 2000 yards).
- Production time: 3-4 weeks after approval of the sample
- 1-2 weeks for the production of the sample
- Color tolerance is about 5–10% for each different batch of production.

PRODUCTION DETAILS

Rotary Printing

- Starting from 6000 yards per design (up to 4 colorways or 1500 yards per-colorway), you can either customize the fabric construction you want or choose one of the 25+ types of fabric at Zalmon Fabric.
- There is a tolerance of a 5–10% difference between the color of the rotary printing result and the color of the sample that has been made.
- The process takes approximately 1 month after the sample is approved by the customer.
- Sample production: 1-2 weeks

ZALMON FABRIC™

COMPLAINT & RETURN

- The customer has no right to complain if there is no color matching request
- Production time: 10–14 working days. This does not include queues, print schedules, and color matching processes.
- All fabrics from Zalmon Fabric are made from 100% natural fibers and are fully processed using automatic machines. Therefore, there will be a 5% ERROR tolerance for our product results.
