

ZALMON FABRIC™

FABRIC DYEING PRICELIST

FABRIC DYEING

TERMS & CONDITIONS

1. The MOQ for this service is **200 meters** for one color and one type of fabric. **Down payment 50%** is required for this service (the balance must be paid before the fabric is sent).
2. Please note the color between production batches **will not be 100% exactly the same**, there will be a color tolerance of about 5-10% for each different batch of production.
3. There's a **5 - 10 % tolerance** for color difference and **±10% tolerance** for shrinkage.
4. For making samples, customers can send the Pantone TCX code or the color reference in fabric form (the fabric type must be the same as the fabric you ordered). We will provide a 5x6 cm sample for every color. This process takes about 14 working days.
5. Fabric dyeing production takes **40 working days** (does not include Saturday, Sunday and Indonesian Public Holiday and any form of production failure) after sample approval. This process will be implemented according to the queue.
